Director's Desk

Respected Parents, teachers, students and well wishers of All Saints Convent School, Ajnala.

At the very outset, it is my proud privilege to greet you with warm prayerful best wishes for this New Year and choicest showers of blessings from the Almighty God.

This is an age of achievement, provided one preserves in whatever he or she tries. It is said that 'success is sold in the open market you and I can buy it' in fact anyone can buy it; provided one is willing to pay a price. Great men were not great when they were born nor when they begin their carrier but made themselves great by learning, learning and learning.

All students must be prepared to be successful in the 21st century careers- many of which do not even exist yet. Students must know how to think (Cogito ergo sum- "I think, therefore I am) to solve problem, to innovate and to collaborate. There is no longer a single path way to that end but whatever paths our students choose must be steeped with effort, dedication, relevance and relationships in all their courses, students must be challenged beyond their comfort zones and encouraged to think critically and creatively. Hence, one can develop the skills to answer all the queries of life and the sky is the limit. To quote former President of India, Mr. Abdul Kalam "Dreams are not those you get when you sleep, but dreams are those that don't let you sleep." As I conclude I wish and pray that all our students must dream and reach to its heights with strong conviction.

I congratulate Sr. Jince, the Principal and the editorial Board on their tireless efforts in bringing out this "Aura News." I also extend my sincere thanks to the persons who have contributed to this issue and enhanced its perfection and beautification.

Twelve years ago I walked into All Saints Convent School with a mission to impart knowledge and education to all students and became a member of this All Saints family. As I sit back and ponder over these 12 years gone by it makes me very proud to share our basic philosophy of our all development of our children. As I walk down the hallways of the school every day, I can hear the chatter of the eager minds, the shouts of excitement from the victorious athlete's thump of the dancer's feet and the sound of the melodious voices harmonizing. We have created an environment to enable children to fulfill their potential while helping into well mannered, well groomed independent individuals with high self-esteem.

We believe in giving our students strong value along with a set of wings which may carry them far and wide. In other words, our students are equipped to face the challenges of the rapidly changing world. We can't imagine all this without the guidance and support of our esteemed dignitaries, Director Rev. Father Jose and Rev. Sister Jince always extended their hands to support all of us.
